

Research Assistants: The Etkin Lab

Lab: The Etkin Lab

Lab Website: <http://etkinlab.stanford.edu/>

School/Department/Program: Stanford University School of Medicine

Supervising Researcher: Cammie Rolle (crolle@stanford.edu)

Project Description

The Etkin Lab at Stanford University is looking for volunteer Research Assistants to help run TMS-EEG and fMRI experiments! This is a great way to gain experience in a Cognitive Neuroscience laboratory. For more information on the lab, visit our website:

<http://etkinlab.stanford.edu/>

Duties & Time Commitment

Help run TMS-EEG and fMRI experiments. Minimum of 6 hours a week to dedicate to running experiments. 6 months or more commitment required.

Qualifications & Skills

No experience required.

To Apply

Please contact crolle@stanford.edu if you are interested!
